

Drainlock Planning Guideline

| | * Security Bolt | No Security Bolt | Total |
|------------------------------------|-----------------|------------------|-------|
| DL-20 - Flat Drainlock for 2" Pipe | | | |
| DL-30 - Flat Drainlock for 3" Pipe | | | |
| DL-40 - Flat Drainlock for 4" Pipe | | | |
| DM-20 - DomeLock for 2" Pipe | | | |
| DM-30 - DomeLock for 3" Pipe | | | |
| DM-40 - DomeLock for 4" Pipe | | | |
| Security Drill Bit - 2" Long | | | |
| DLW-30 - 3" Long Wrench | | | |
| DLW-60 - 6" Long Wrench | | | |

* To help keep your costs down you can decide whether you need the Security Bolt feature - it is typically only needed when you need an extra tamper-proof DrainLock

Areas to install Drainlocks
